

The Development of Open Educational Space
between the Novosibirsk State Pedagogical
University and German Higher Education Institutions

Shcherbenko Elena, NSPU

16.05.2013

The **Novosibirsk State Pedagogical University (NSPU)** takes the **top positions in Siberia** in major trends of education sciences, and trains specialists in different areas of economy (education, science, mass media, business, sport, and management)

NSPU nowadays is a **state-of-the-art university** that develops very fast and comprises 9 institutes, 6 faculties, 65 departments, research institutes, and access shared resource centres.

Nowadays **the Faculty of Foreign Languages** is one of the best and successfully developing faculties of NSPU.

The faculty has partner relations with universities and research centers of **Germany, France, Great Britain, China and Turkey**. They include **academic and cultural programmes** engaging students and the Faculty in active participation in various international projects.

Center for Additional Education (Training)
of the faculty provides teaching of English,
German, French, Arabic, Turkish, Chinese,
Japanese, Spanish, Italian, Latin and Russian as a
foreign language.

Our faculty cooperates with Heinrich Heine University Düsseldorf (International Institute of Communications)

The aim is the development of intercultural competence through German language courses.

Our faculty cooperates with Academy Klausenhof, Dingden, Hamminkeln

The main aim of this cooperation focuses on German language studies.

Our faculty cooperates with RWTH Aachen University.

Our students participate in the international exchange programme between RWTH Aachen and NSPU.

The Novosibirsk State Pedagogical University took part in the Trinational Project from 2005 to 2011.
